CANDIDATE NAME: Stephanie Boston

Briefly tell your personal story and why you are seeking this elected public service position. (Please limit your answer to no more than 250 words)

I am a widowed mother of 3 and educator of 25 plus years from Middletown, Ohio. I have a BS in Elementary Education, MS in Educational Leadership and currently working on my dissertation in Educational Leadership, Curriculum/Instruction. All of my life I have volunteered with civic and public school organizations which has brought me great joy. Being raised by my grandparents, civic responsibility was instilled in me. Having the ability to listen, collaborate and problem solve are key characteristics in a leader. I am seeking this position to make the constituents' lives in District 10 better. Improving senior resources, better public transportation and addressing the rising crime in our area are my top priorities when elected.

What are the 2 or 3 biggest challenges facing Maryland (or your district), and briefly describe how would you address those challenges over the next four years? (Please limit your answer to no more than 250 words)

The biggest challenge in District 10 is the lack of Senior citizen resources with 55% of our district 55 years of age or older this group of constituents needs must be met. Increasing the budget of the Department of Aging, increasing affordable senior housing, and more assistance to families with senior members are some of the challenges that our district faces.

The second challenge facing our district is to address the increased congestion on our roads in our area. Seventy-six percent of the citizens in the district drive their own personal vehicles which is contributing to the congestion, air pollution and several other environmental concerns. Increasing public transportation in our district will allow people not only to park their cars but save money and the environment.
